

绞链 · Zinc die-cast, with indexing positions

25164.0010

产品描述

Hinges from zinc die-cast with indexing positions hold door and covers in fixed positions. It avoids undesired automatic closing or opening. This is an advantage for example when filling machines and facilities or during maintenance and repairs.

The version with the indexing positions -3° and 117° (picture 2) also ensures that the door or cover presses slightly against the housing frame by the -3° when closed.

These hinges from zinc die-cast are characterised by their simple and timeless design.

材质

本体

- 锌压铸, 表面涂装, 银色, 类似 RAL 9006, 雾面

轴

- 不锈钢 1.4305

弹簧

- 弹簧钢丝
