# Height-Adjusting Elements • high 25120.0126

# **Product Description**

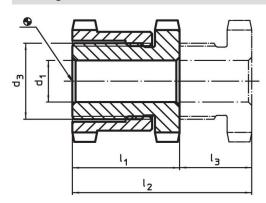

For levelling of machines and installations.

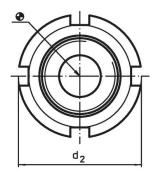

For vertical adjustment, the self-locking height-adjusting elements are fitted with a fine-pitch thread. All elements have a throughgoing bore for fastening purposes. A turn-out lock serves as height limit for the maximum adjustment height.

#### **Material**

 Heat-treated steel, zinc-plated by galvanization, chromalized
