# **Precision Index Plungers** • with tapered pin

22130.0170

### **Product Description**

Precision index plungers together with bushings are a perfect combination for quick positioning and mounting.

The precise tolerance of both, the precision index plunger and the bushing, guarantees a high repeatability of these two elements.

#### **Material**

#### Pin

• Case-hardened steel, case-hardened, blackened and ground

#### Bushing

 Case-hardened steel, case-hardened, blackened and ground

#### Body

 Case-hardened steel, case-hardened, blackened and ground

### Ball knob

· Thermoplastic, greyish black

### **Assembly**

For precise adjustment, the grip ball and plunger should be glued grease-free after assembly. Detailed assembly instructions can be downloaded as a PDF file under "Documents".

#### **Operation**

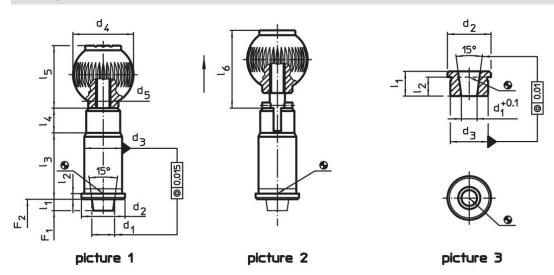

When using locking index plungers the knob is pulled out and turned  $90^{\circ}$ .

#### More information

### Notes

Bushings must be ordered separately.
