# Adjustable Clamping Levers • with clamping screw

## **Product Description**

Adjustable clamping levers find versatile applications when the area of use is confined or a specific lever position is required.

#### **Material**

#### Lever

· Zinc die-cast, plastic coated, orange similar to RAL 2004, matt structure

#### Inner parts

• Steel, blackened, quality 5.8

#### Screw

· Steel, blackened, quality 5.8

#### **Operation**

By lifting the lever the serrations are disengaged. The lever can be positioned by the serrations. On releasing the lever, the serrations are automatically re-engaged.

#### More information

The screw part can be exchanged.

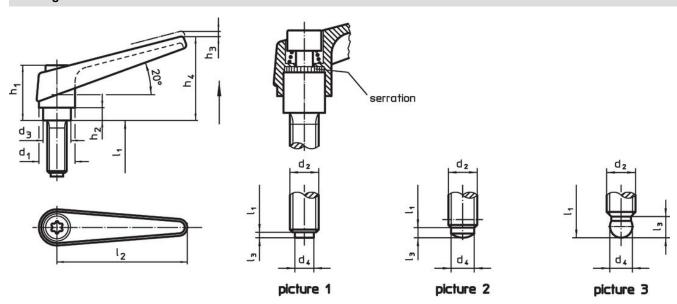

#### References

The version with ball-headed (picture 3) can be combined with the thrust piece, plastic (EH 22570.).

### **Further products**

· Thrust Pads, plastic
